Discover Deeside

As an award-winning manufacturer and supplier operating throughout the UK, we design, manufacture, deliver and install framing systems for commercial developers, local authorities, regional and national builders, social housing and the private self build market.

When you discover timber frame solutions, you discover more choice.

Discover the Benefits

Founded in 1985, Deeside is part of the highly successful Bancon Group of companies, which itself has been established for over 30 years and has interests in construction, property maintenance, manufacturing and property development.

With headquarters in Stonehaven, Aberdeenshire, the company operates out of a 2 acre complex which is the base for all manufacturing and administration operations, including its estimating, purchasing, design and engineering services.

Deeside's second production facility in Stirling is 2.5 acres and houses further design resources in addition to

significant manufacturing capacity to accommodate an increased workload and future product developments.

Key Benefits:

- Partner with a company with strong financial stability
- Highly-skilled team on and off-site
- Sophisticated computer-aided design software for precision engineered solutions
- Innovative and sustainable products with option of eco^{fl} panels
- Bespoke approach to all projects to provide cost savings and added value

Discover Quality

Deeside Timberframe holds ISO 9001:2008, Quality Assurance, BM Trada Q Mark and is one of the few leading Timberframe Manufacturers who have staff qualified to Gold Level for UKTFA's design, manufacturing and timber frame erectors programmes.
